## **RIVIER ELEMENTARY SCHOOL**

### **LEARNING IMPROVEMENT PLAN**

### **2024-2025**

Our Learning Improvement Goals consist of:

- Developing understanding, confidence and engagement in mathematical numeracy in our Kindergarten-Grade 6 students and focusing on the new online updated version of the elementary Saskatchewan curriculum.
- Continue to focus on Early Learning skills and reading (conferring).
- Continue to learn Catholic mass prayers appropriate to each grade level. We will strive for the opportunity for staff to pray and socialize together.
- Mental Health and Well-Being: Building and Nurturing Relationships (Q12)
  - Build upon our strengths within our student populations, families, staff, parish and community
  - Focus on our relationship with our Rivier families and our community (extra-curricular)
  - Building our relationship with God and supporting each other on our religious journeys (A.B.C-Always Be Catholic)

Mr. Adrian Poirier

Principal
